Agenda

Please read the important note below and prepare your laptop accordingly.

Welcome and Introduction

- Introduction SDK Gen3
- Important Classes
- Advanced Protocol
- Documentation and Samples
- How to start with a new project (best practice)
- Error Handling
- Logging
- Transparent communication

IMPORTANT:

For the practical parts of the training, please make sure that you have an IDE installed and you are already able to execute an easy SDK Gen3 sample. Also, you will need a Feig reader which is supported by the SDK Gen3 and ISOStart+. A list of supported readers can be found in the SDK Gen3 documentation. We will only work with the FEIG SDK Gen3!

Expected end approx. 3:00 p.m.
